## Hidden Wonders Shows

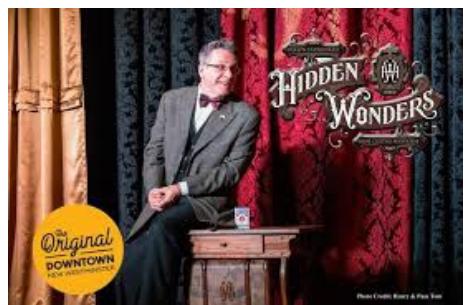

THREE DIFFERENT SHOWS IN OUR VENUE

Yes, our shows at Hidden Wonders tend to sell out quickly! To keep up with demand, we're adding more options for date nights .

Our team at Hidden Wonders is made up entirely of full-time professional magicians, and we're thrilled to share the spotlight as they launch their own shows in our venue.

Hidden Wonders is a speakeasy-style performance venue hidden behind a fake business facade in New Westminster's historic downtown. It is part of a new trend in magic entertainment that focuses less on grand-scale illusions and more on intimate experiences that leave the audience awestruck and moved.

The goal is to offer an intimate and exclusive up close and personal magic experience that is unparalleled. Hidden Wonders' track record of continuously selling out shows is a positive indication that this trend is certain to continue as tickets are disappearing fast.
